\* Upgrades, for this version are free for a year ( Upgrades for the Ultimate Experience are free for life). The software has a 30-day refund policy if the software does not perform like we say in our website. Refunds only on sales not leases. All materials and manuals provided must be received by certified mail within the first 30 days after the initial charge of the credit card. I understand that once this period has expired the sale is considered final. I also understand that if I perform a chargeback for any reason, I will be waiving my rights to a refund and the sale becomes final automatically to the date of the chargeback. Purchase option has a 20% restocking fee. Lease options don't have a money back guarantee, so payments on leases are always final. To create a multi-user environment it is needed, in addition to one network seat for each concurrent computer, one FileMaker Server for the server and one FileMaker Pro for each concurrent computer which must be purchased from a third party provider like FileMaker.com
